DALY CITY, SAN MATEO COUNTY, CALIF., THURSDAY, NOVEMBER 13, 1947

VOL. 44, NUMBER 41

Building Permit Farce Still With Us

LOCAL F.O.E. MEMBERS WILL PARTICIPATE IN OAKLAND INITIATION

Plans for the attendance of the officers and members of Colma Vista Grande Aerie No. 1848, Fraternal Order of Eagles, accompanied by a large group of candidates, who will participate in a record-breaking initiation into the Fraternal Order of Eagles, at the Western Regional Conference Class, set for Oakland, on Sunday, November 16, are rapidly nearing completion, stated Secretary William Bolger, of the local Aerie.

The Western Regional Conference proper, will open on Friday, November 14, with the arrival of Grand and State officers and leaders, and will continue on through Sunday. All conference sessions are scheduled for the Hotel Leamington, in Oakland.

Attention is called to the fact that the ceremonies will start promptly at 2 p. m. Sunday, November 16, and will be held at the home of East Oakland Aerie No. 1375, of the Fraternal Order of Eagles, located at 1228 36th avenue in Oakland, honoring the national and State officers as well as delegates present, stated Secretary William Bolger.

The Western Regional Conference will have delegations present this year, from Utah, Colorado, New Mexico, Arizona, Nevada and California, and it is planned to initiate a class of 2000 candidates for them, according to Robert W. McLennan, past worthy president of Golden Gate Aerie No. 61, general chairman of the newly formed Bay Region Committee composed of some forty-five Eagle Aeries, comprising the entire Bay Region.

Ritualistic work will be exemplified by one of the finest degree teams possible with selection of this group from the officers of the Bay Region Aeries of Eagles.

Secretary Gil Seaver of East Oakland Aerie No. 1375, announced that following the ritualistic ceremonies, a reception and special entertainment program will be presented, for the honored guests and members present, in the Aerie's fine club room.

Many of the Aeries are planning special chartered buses to take their candidates and members to this Western Regional Bay Region Class initiation ceremony, on Sunday, November 16, said George Carlisle, vice-chairman and past worthy president of East Oakland No. 1375. He further announced the entire facilities of the Aerie home and club room will be available for the delegates and members the entire day.

Mrs. Martinelli Pleads Not Guilty

Mrs. Margaret F. Martinelli, 42, Colma housewife who is accused of the gun murder of her husband Edward, 46, on October 22, pleaded not guilty and not guilty by reason of insanity when arraigned before San Mateo County Superior Court.

She waived the time for entering her plea when appearing before Judge A. R. Cotton. The date for her trial was not set.

Her manner was calm and quiet, in contrast to the hysteria she exhibited on the morning of the alleged murder.

She is being held in the county jail, Redwood City, without bail because of the nature of the charge.

On the morning of the shooting she told authorities her husband had been going out with another woman. This was denied by the woman, who stated she was only a friend of the family.

The alleged shooting took place in the small hours of the dawn after Martinelli refused to continue a night-long argument on the subject of his fidelity. A shot in the temple killed him instantly.

"Jolly Trio" Is Charged With Liquor Violations

John Griffith, proprietor of the Jolly Trio, 6290 Mission street, was reported by Sam Miller, investigator for the State Board of Equalization, to Chief William Sunderland for alleged violations of liquor sale regulations.

Miller states that on October 31 (Army pay day), in a routine check, he found Private J. H. Clement and Private George Hayes, both only 19 years of age, drinking beer in Griffith's establishment.

Griffith claims he sold the beer to Private Peter Delenich, 23, although Delenich was drinking whiskey at the time, according to Miller's report.

The men will appear when Griffith is cited before the State Board for a hearing in the near future.

Gustafson Inquest Asks For Further Investigation

A coroner's inquest into the death of Charles Gustafson, 82, who died September 13 from gunshot wounds inflicted by the 14-year-old son of Mrs. Lawrence Adams in her home, resulted in recommendation for further investigation by authorities.

Gustafson was a boarder in the home of the Adams family and was a former husband of Mrs. Adams.

Casentini's Market Robbed of \$400

Dan Casentini, owner of Casentini's Food Center, 7369 Mission, reports the robbery of \$400 from his market and meat departments sometime between the hours of 10 p. m. and 5 a. m. November 5 and 6.

Entrance was gained by breaking the glass of a small bathroom window in the rear of the building. The thieves will be chagrined to know they missed another \$400 which was wrapped in a newspaper. No stock was taken, only the registers were rifled.

Casentini said the job was apparently done by more than one man, after considerable observation.

Church Ladies Present Bazaar And Dinner Today

The women of Grace Presbyterian church are in the midst of their annual bazaar and dinner today in Masonic hall. Mrs. Walter Kesler, Mrs. Stanford and Mrs. William Harberts are chairmen of the day.

Members of the various circles organized a Women's Council last Thursday and adopted a constitution. The following officers were elected:

Mesdames Walter Kesler, president; Henry Adams, vice president; Gerald Beatie, secretary; Maurice Guonod, treasurer; Lella Frazier, program; Elizabeth Bright, fellowship; H. S. Holcomb, hospitality; Margaret Archer, world service.

\$9,470.52 In Claims Paid At Monday Council Meeting

City Council in a meeting held Monday night passed a resolution which cancelled checks to A. J. Gaggero for \$20, to Fire Company 6 for \$50, to Board of Fire Commissioners for \$30 and to Angelo Benedetti for \$30. It seems B. C. Ross, city clerk, issued the checks some time ago. They have not been cashed, and the payees claim they know nothing about it, so the city has just given up. City fathers claim they might as well admit the money is in the bank and clear up the books.

A resolution in appreciation of service rendered by Oliver J. Nolte, retired member of the Civil Service Board was passed.

Councilmen also directed payment of claims of \$9,470.52.

Impeartrice Bros. To Handle Kaiser-Frazer Auto Line

Impeartrice Brothers, automotive sales and service, 7031 Mission street, has been appointed Kaiser-Frazer dealer to serve Daly City, Colma and the upper Mission District, by Ellis Brooks company, San Francisco.

"This is the first time a Kaiser-Frazer associate has been established in this area," Brooks declared.

Frank Impeartrice, founder of the local firm has been in the automotive repair business in Daly City since 1939. Since 1946 he has operated a modern garage with complete automobile overhaul, body and fender service and parts department.

Due to the increased population in this area, there is an increased demand for Kaiser-Frazer display rooms and demonstration facilities.

Success in the new venture is wished Impeartrice Brothers who hope to extend service to the residents of this area.

WAKE UP, NOW!

Taxpayer associations throughout the nation are starting a "What Goes On" inquiry as to the set up, functions and expenditures in local, county, state and national government. They believe that each and every citizen should check and double check the actions of their duly elected or appointed public office holders NOW—tomorrow may be too late.

Less than two years ago Daly City held a city election, elected councilmen and raised their rate of pay. Following the election there were five men serving on the board. Today there are only two of those duly elected councilmen who make any regular affair of attendance at the twice a month meetings. The other who makes regular attendance at the meetings is not a duly elected councilman, but was appointed to fill a vacancy on the board.

Therefore Daly City is poorly represented as far as the voters are concerned. Should this state of affairs go on indefinitely, or should something be done about it NOW? Do those councilmen who do not attend meetings receive their regular stipend from the city treasury? Check the city records and find out! Any citizen has the right to inspect such records.

One of the councilmen not attending meetings has established his home elsewhere — the other states "The City Government Has Been Taken Away From The City Hall — Most City Business Is Done Somewhere Else."

PERMIT COSTS ARE UP BUT CONTRACTORS TO DECIDE THEIR OWN FEES

Gans Refused Overtime Pay

Dr. Charles C. Gans, retiring San Mateo County health director, has been refused 375 hours overtime compensation by Colonel Frederick Peterson, county executive.

The county executive also stated he, and not Gans, would name a temporary executive to the post on Gans' retirement, thus contradicting Gans' statement that he would name the successor.

Members of the county board of supervisors concurred with Peterson in his decision. Gans, however, will be allowed a leave of absence without pay until January 28, at which time he can reappear to take credit for almost two dozen vacation days due him.

In this way Gans, who has agreed to take over Santa Cruz County health official duties on December 1 will be eligible for retirement pay from San Mateo county.

Retirement board rules state an employee must be on the payroll in the month in which he reaches his 70th birthday, if he is to get retirement pay. Gans will be 70 on February 2.

S. F. Postmaster Will Retire

Postmaster William H. McCarthy, head of San Francisco's huge department, will retire after 15 years on the job. McCarthy, who held the position longer than any other man, leaves next July.

Retirement is inevitable for two reasons. He reaches the age of 70 next month, and will have completed the maximum allowable term in office by July 31.

Change In Plans Leaves Daly City Holding The Bag - - -

The long-awaited amendment to the building permit fees ordinance was passed in last Monday night's Council meeting. Fees as stated in the document are:

For a total valuation of \$500 or less, \$4 minimum fee.

For a total valuation of \$500 to \$25,000, \$4 per thousand fee.

For a total valuation of \$25,000 to \$50,000, \$100 plus \$2.50 per thousand over \$25,000.

For a total valuation of over \$50,000, \$162.50, plus \$1.10 per thousand over \$50,000.

This ordinance amendment is another example of the futility of the workings of our city council. Original plans for the new ordinance as told to Record representatives by Arthur Bodien, building inspector, and Melford Battye, mayor, included the inspection of plans of the contractor applying for permit.

According to statements made on October 22 in Bodien's office, the official issuing the permit was to have the right to place his own evaluation on the cost of the construction of the building.

Estimates from leading contractors and builders in the area were to be obtained on average building costs and Bodien was to apply this on a square foot basis to the plans and base permit charges accordingly.

Now, with the new ordinance, the city is still accepting the estimates of contractors who place them as low as possible and thereby avoid the payment of just fees.

For example, the claim of Dan C. Dolan, local building supply merchant, who stated he could build seven five room houses at \$4,000 each. There have been other similarly improbable statements of cost of building from which the city and her taxpayers have suffered.

Plans originally called for the payment of \$7 to \$8 per square foot which really approximates the present day building costs.

Impanel Jury To Hear Kelly Assault Case

There women and nine men today were impanelled to try the case of Joseph Kelly, San Francisco special police officer charged with two counts of assault with a deadly weapon in superior court in Redwood City.

Kelly is charged by Allen Pettigrew, 18, and his father, Clifford, of 47 Hillcrest drive, Daly City, who claim he assaulted them in their home after Kelly's stepdaughter allegedly had been raped by young Pettigrew on September 8.

Kelly was held to answer after a preliminary hearing in October in the court of Daly City Judge William Sweeney.

THREE BASEBALL GAMES SLATED AT LOCAL PARK

Daly City Ball Club will play two games in Marchbank Park on Sunday. The first, against Crystal Palace, will start at 10 a. m. Second game on their schedule will be a Class AA Winter Baseball League game against Eagles 61.

A noon game will be played by Funston Cavern and Scotty's Radio.

"CURING" VIOLATORS

The Los Angeles judge who gives habitual traffic offenders the choice between jail or wearing a big sticker on the car windshield for 30 days reading "traffic violator" seems to have hit on an effective idea.

The old familiar faces that used to greet the judge sometimes as frequently as 12 times a year for one driving infraction or another have virtually vanished from the courtroom.

Apparently the big sticker which most of them accept in lieu of a 30-day stretch in jail tends to "shame them into driving properly," according to the judge.

The state is also warring against the frequent repeaters by revoking some of the driving licenses of four-time offenders. No less than 7500 drivers have been called to answer for their conduct. The number actually suspended is only around 150 but the others have been warned or placed on probation. They know that they can't afford to get careless or reckless.

For the protection of law-abiding motorists and pedestrians the persistent violator must reform or be ruled off the highway.

ABOVE THE SKY

In its fascination over the attempts of military planes to break through the sonic barrier, that is, travel faster than the speed of sound, the public has somewhat overlooked the fact that startling records are being made in the journey upward as well as forward. It is reported that the XS-1, which is a rocket plane, has reached a height of 63,000 feet. A little simple arithmetic tells us that that is about 12 miles above the earth. The official airplane record is 56,046 feet. But the XS-1 hasn't reached the ceiling for which it is said to have been designed. That ceiling is 80,000 feet. Now all of this effort to go higher is, of course, closely linked with the effort to go faster. Up "above the sky" the air thins out virtually to the vanishing point. It is in these fantastic heights that the fantastic speeds of the future will first be achieved.

CABLE CARS

Well, the people of San Francisco had little trouble deciding that they wanted to retain a colorful link with the past even as they voted \$87 million in bonds for a more progressive future. In other words, the cable cars which have been bouncing along San Francisco streets since 1873 are going to keep on bouncing. The vote was better than 3 to 1 in favor of saving the ancient "Toonerville Trolleys." They surely have plenty of sentimental friends.

COSTLY JUNK

Even junk isn't cheap in these days. If you want to buy any old battle ships for the kiddies to play around with you'll find that they cost a lot more now than they used to. Suppose, for instance, you wanted to "pick up" the Idaho and the Wyoming — two discarded battlewagons which the Navy is selling. A few months ago you might have had them both in your back yard for a mere \$400,000. Now they would set you back about \$700,000. Maybe you had better boycott the battleship market until prices come down.

HELPFUL

The Londoner who threatened to commit suicide if he didn't get an apartment (he said so in his ad) got responses from at least two persons who were anxious to help him.

Both of them sent him a rope. Who said the British haven't a sense of humor?

IT FLIES!

Well, it appears that Howard Hughes can stay in the United States for the rest of his life if he wishes to.

You may remember that in the heat of the congressional inquiry about his huge flying boat some months ago Mr. Hughes said he would leave the country and never come back if the sky giant failed to fly.

Now, the famous airman will not only stay (we doubt if he would have left anyway) but he will be in a much more comfortable position when he again faces the congressional committee investigating his war contracts.

GOING TO THE BUGS?

There are still a good many "bugs" to be worked out in making atomic energy useful for peacetime purposes. But a Stanford professor predicts that if atomic bombs are used freely in a future war there will be nothing left in the world but bugs. Then, how will they work the "bugs" out?

MANPOWER: A final report on military personnel by state of residence shows that 11,367,989 men and women served in the Army between Nov. 1, 1940, and July 31, 1946.

In general, the contribution of manpower and "woman-power" by the various states followed the national population pattern. New York, the most populous state, gave 1,157,000 men and 24,741 women to the Army—the greatest total from any state.

The following table shows, in order, the other five states from each of which more than half million men and women served in the Army:

State	Men	Women
Pennsylvania	874,000	16,901
Illinois	647,000	13,224
Ohio	590,000	11,740
California	582,000	13,769
Texas	541,000	9,652

COSTS: In the past 100 years, the cost of war has increased 24 fold in terms of human life, 245 times in terms of wealth, according to an informal study made by the War Department.

The following table shows the relative costs of the four conflicts with foreign powers in the past century:

War	Total U.S. Dead	Total Cost
Mexican War	12,846	\$ 139,500,208
Spanish War	6,472	992,159,840
World War I	193,663	21,850,000,000
World War II	313,000	340,000,000,000

Incidentally, had a system of universal military training been adopted in 1920, when it was first proposed, it would have cost the U. S., in all, 20 billion dollars—the cost to us of 60 days of World War II at its peak—by the time World War II approached. And it might have helped avert the war altogether, for the country would have had a trained reserve of 9 million men when Japan invaded Manchuria despite U. S. protests, and 16 million men when Hitler attacked Poland.

X-Ray Health Survey Is Made At Local Schools

The San Mateo Tuberculosis and Health Association made its yearly visit to the Jefferson Elementary School district on November 4, 5 and 6 to make a health survey by offering the students free chest X-rays. This service is supported by the Christmas Seal sale. A total of 381 pupils from Woodrow Wilson, Crocker, General Pershing and Thornton schools were X-rayed.

During the three-day program Mrs. Sylvia Eastham, the school nurse, was assisted by Mrs. Frances Haussler, Mrs. Louise Eliassen, Mrs. Emma D'Isep, Mrs. Marie Miller, Mrs. Lois Adams, Mrs. Gretchen Olson and Mrs. Pauline Bertetta, volunteer workers from the various PTAs. Mrs. Grace Smith, R.N., also assisted.

Community Chest Drive Extended To November 22

Extension of the San Mateo County Community Chest campaign to November 22 was foreseen today by Campaign Chairman James J. Kehoe as analysis of the reports of collected funds revealed that more than \$30,000 still had to be obtained to reach the 1947-48 quota of \$201,000.

To the early part of this week, collections totaled \$151,224 representing only 75.2 per cent of the goal to be reached.

"Unless we reach the sum of \$201,000 by Saturday, November 15," stated Campaign Chairman James J. Kehoe, "it will be necessary to extend the drive another week. Failure to reach the quota will mean curtailment of absolutely essential services by the twelve agencies that compose the Chest and will cause actual suffering among hundreds of children helped by them."

Donating funds to the Community Chest, 301 Lorton avenue, Burlingame, will provide for continuing the operation of the following agencies:

San Mateo County Blood Bank, Boy Scouts of America, Girl Scouts—Burlingame—San Mateo—Hillsborough Council, Sequoia Council, Daly City—Colma Council, San Bruno—Lomita Park Council, Millbrae Council.

San Mateo Preventorium, Y.M.C.A.—Peninsula branch, Y.M.C.A.—Sequoia branch, San Mateo County Catholic Social Service, Council of Social Agencies.

Colma PTA Bazaar Was Big Success

Colma PTA bazaar which was held last Friday was, from all reports, a huge success. Held in Community Center at 8 p. m. the affair was MC'd by V. J. Murphy and headed by Mrs. Frances Lanki, president.

Pack 36 Scouts In Sonoma County Armistice Parade

On Armistice Day, Pack 36, B.S.A., made their annual trip to Sonoma county via Greyhound bus, where all the Cubs participated in the parade held in Santa Rosa.

Under the direction of Ted Hopman, Den Dad for No. 16, all the boys of the den turned out — Carl White, Bert White, Don Williams, Gerry Wacks, George Spoulos, Dick Hopman, Robert Poole, and Dick Hiett.

After taking first prize for the Cub turnout, the boys enjoyed lunch at Doyle Park together with Pack 41; then were taken to Bailey Field where they spent the afternoon at the football game.

On Friday evening the annual Cub Father and Son Dinner for Pack 36 will be held at the Furniture Mart, where the boys will be entertained by guest speakers from the various sports activities throughout the city.

C.C.P.T. Will Meet At Jefferson High Thursday, Nov. 20

The Seventeenth District, CCPT, will hold the November meeting on Thursday, the 20th, at the Jefferson Union High school, with Mrs. M. G. Strohmeier of San Mateo presiding.

Mrs. S. S. Mayo of Redwood City, the director of education, is happy to announce the presentation of two state chairmen, speakers for the occasion. Mrs. Mayo will introduce the state chairman of parent education, Mrs. Robert Bogen, who will address the group during the morning session. For the afternoon session Mrs. Nancy Pauline Turner of Oakland, state music chairman, will delve into the subject of "Personality Traits." Mrs. Turner is well known throughout state PTA for her ability in directing choral groups.

W. Earl Whitaker of Redwood City, school education chairman for the district, will speak on that subject during the morning session.

The musical entertainment for the day is being arranged by Mrs. F. T. Peterson of San Mateo, chairman. During the afternoon session Mrs. Peterson will present the Mother Singers.

Registration for members will begin at 9:30 a. m., with "call to order" at 10 a. m.

Luncheon will be served at 12:45 at one dollar per plate. Make luncheon reservations no later than Monday, November 17, by contacting Mrs. J. Einmet Jones, Casa Mateo, 350 Bayshore highway, San Mateo, phone 4-1620.

Nuptials Planned For This Saturday

Barbara Capetanich, daughter of Mr. and Mrs. Mitchell Capetanich, 191 Winchester street, and Leonard Sorg, son of Mr. and Mrs. George Sorg, 67 Woodrow street, will be married on Saturday afternoon, November 15, at 2 p. m. The wedding will take place at St. Michael's Catholic church.

Traffic Fines Lower This Week

Traffic fines collected in City Judge William J. Sweeney's court for the week ending November 7 totalled \$180. Something strange evidently happened to the motorcycle police — getting soft hearted, perhaps, or else motorists are beginning to have some respect for Daly City traffic regulations, because collections were just \$100 less than the week previous.

Woodrow Wilson PTA Hot Dog Sale Date Is Changed

Dates for the November and December Hot Dog sales to be held by the Woodrow Wilson PTA were changed to November 19 and December 11 at an executive board meeting held on Monday in the home of Mrs. Florence Hopman, 27 Gambetta.

The 17th District meeting will be on November 20 in Jefferson High school from 10 a. m. to 3 p. m. Luncheon will be served. All members are asked to attend.

At the November 18 tea, mothers and teachers will be honored. This will take place in the school at 2 p. m. Miss Bianchi's first grade pupils will take part in the entertainment.

Figures To Remember

A certain car manufacturer, states the National Automobile Club, provides figures that show his product will give 21.7 miles per gallon at a speed of 20 miles an hour. At 70 miles an hour, fuel mileage drops to 11.4 per gallon. This waste should be borne in mind by motorists who want to travel in haste.

Stripers in Mokelumne

Large striped bass have been showing up in the waters of the Mokelumne river this week in the San Joaquin and Calaveras counties area, according to the National Automobile Club.

Marine Gets High School Diploma

GRADUATION DAY. . . A smiling Marine corporal receives a diploma and congratulations from a Marine Corps officer upon completing his high school courses through study with the Marine Corps Institute.

Bazaar Slated For November 20

The Women's Society of Christian Service of the Geneva Avenue Community church, Vienna street and Geneva avenue, will hold its fall bazaar in the activity room of the church Thursday, November 20, from 10 a. m. to 4 p. m.

Included in the variety of items on sale will be aprons, baby gifts, home made candy, fancywork, home cooked and canned foods, linens, novelty gifts, towels and a white elephant booth.

Because everyone can't attend a noon luncheon, the ladies will serve cafeteria snacks of sandwiches, salads, cake and coffee or tea continuously during the sale.

The public is cordially invited to view the display. "Come in for a Snack, and Go Out with a Purchase."

First Aid for Wounds

In giving first aid care in cases of severe wounds which are later to receive medical treatment, do not use soap and water, for, as has been said, this cannot be done under the conditions in which this first aid is usually carried out without introducing germs with the water itself. If the physician later washes the wound, he will do so in the dispensary under aseptic conditions, and this is medical treatment, not first aid. It must not be forgotten that first aid is not the same as medical care, and no matter how well versed one may be in first aid, he should not assume the responsibilities of the physician.

Pork Spoilage

Cold pork will rarely spoil, but mild fall days which raise the air temperatures above 40 degrees speed up the growth of spoilage germs that are on and in pork. Warm pork spoils as rapidly and for the same reason as warm milk.

Chemical Study

An infra-red spectrograph has been developed to determine both the chemical structure and the amount of chemical in an unknown material. The instrument, operating on the principle of infra-red ray absorption, cannot be used for metals but is utilized for gases liquids and many solids, including plastics.

Removing Fat

Often soup stock or gravy is too greasy and there is not time to cool it so the congealed fat can rise to the top. Wrap a couple of ice cubes in a small piece of cheesecloth and run over the top of the soup or gravy. The excess fat will collect on the cold surface of the cloth and thus can be removed easily.

Remove Corrosion

Corrosion on automobile battery terminal posts and clamps can be removed with a solution of baking soda and water applied with a wooden-handle brush, according to the California State Automobile Association. Care should be taken, however, to prevent any of the soda solution from getting inside the battery cells.

Pyramid Lake

Pyramid lake, 37 miles north-east of Reno, Nevada, is unlike any other lake in the world, according to the National Automobile Club. It is 30 miles long, 12 miles wide, and 3783 feet above sea level. Located on the desert, its waters are clear and deep. Gulls and pelicans swarm over it by the thousands.

GRIFFIN - FELLMAN NUPTIALS NOV. 16TH

Miss Marian Christine Griffin, daughter of Mr. and Mrs. John Griffin, 151 Peralta avenue, San Francisco, and Raymond Fellman, son of Mr. and Mrs. Rudolph Fellman, 110 Bismark street, Daly City, will exchange marriage vows on Sunday, November 16. The ceremony will be performed at 4 o'clock in the afternoon before the altar of St. Anthony's church, Army and Folsom streets.

Mr. and Mrs. G. Sorg Moving To S. F.

Mr. and Mrs. George Sorg, of 67 Woodrow street, who have resided in Daly City for the past 20 years, will take up residence in San Francisco due to the fact that Mr. Sorg is now employed by the City of San Francisco.

Cow Numbers

Milk cow numbers have been going down at a faster rate in North Dakota than in the nation as a whole. The number at the beginning of 1946 was 91 per cent of the previous year and 95 per cent of the longer time average. For the United States the reduction in 1946 was about 4 per cent below last year.

Poultry Breeding

According to R. S. Dearstyne, North Carolina State college, there is no "ultra-superior" strain of chickens. However, says Dr. Dearstyne, some breeds have better records than others as broilers or egg-layers. It is the breeding within the stock selected that counts. A chick's quality is determined by breeding before the egg is hatched.

YOUR NATIONAL GUARD DIVISIONS CONTINUE THE OLD TRADITIONS

This is the third of a series on the Infantry and Armored Divisions of the new National Guard. This series is presented to acquaint you with the organization which will be an M-Day Force, trained, equipped and available for immediate service with the Regular Army in the event of any future declaration of war by an outlaw nation.

28th INFANTRY DIVISION—Organized for service in World War I the 28th "Keystone" Division of Pennsylvania traces its glorious history back to the 1800's and such well known units as the Scranton City Guards, fore-runners of the old 13th Infantry and now the 109th Infantry.

The old 10th Infantry, which is authorized Battle Streamers for fighting at Manila in the Spanish War at Manila and Malolos in the Philippine Insurrection, was redesignated the 110th Infantry when called into Federal Service in 1917 to become part of the Keystone Division.

And the 112th Infantry, organized as the 16th Infantry, fought as the 16th Pennsylvania Volunteers at Puerto Rico in the Spanish War. These three are the regiments which will form the 28th Division in the post-war military establishments. With 111th Infantry which is the nucleus for the post-war 111th Regimental Combat Team, these three first reached the heights of glory in World War I.

Battle streamers for Champagne, Champagne-Marne, Aisne-Marne, Oise-Marne and Lorraine fly with the colors of all three regiments, but it was in the Meuse-Argonne offensive that the Keystoneers rescued the famous "lost Battalion" of the 77th Division. Attacking down the Aire River Valley, men of the 28th Division outflanked the Germans in one of the most famous engagements of World War I.

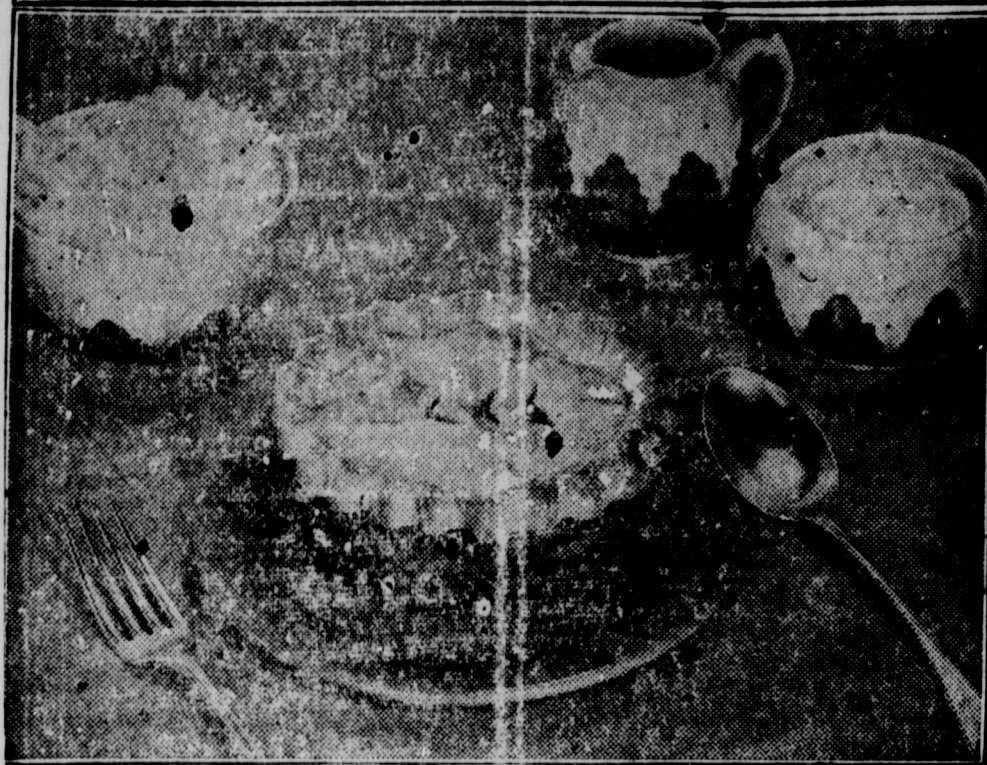

Twenty-six years later the Pennsylvanians again landed in France and blasted its way through the hedgerows with such fury that the red Keystone shoulder patch was soon known and feared by the Germans as the "Bloody Bucket". Once out of the hedgerow, the Keystoneers literally followed its "Roll On" slogan as it sped through Verneuil, Breteuil and Damville on the way to Paris.

Crossing the Meuse River in September, 1944, they fanned out into Luxembourg, advancing an average of 17 miles a day, and became the first division to enter Germany in force. Given the assignment of cleaning-up the Hurtgen Forest, the 28th Division accomplished that mission and then returned to the Our River just in time to receive the full brunt of the Ardennes counter-attack.

Five crack German divisions hit the 28th the first day, and later four more hit the Pennsylvanians. Rocking under this brutal attack, the Keystoneers nevertheless fought back so savagely that the Nazi timetable was thrown completely off schedule and the die of inevitable defeat was cast for Von Runstedt's forces.

Captain Paul F. Gaynor, of Scranton, was awarded the Distinguished Service Cross for his Gallantry in the Ardennes, the same decoration his brother, Major Robert M. Gaynor, had received a few months earlier during the drive into Germany. Thus the Keystoneers continued the heritage of the division which will take its place with other National Guard troops as an integral part of the nation's security team.

For a Fall Fiesta

By BETTY BARCLAY

Call it "fiesta" or "feast", but when cool weather arrives and cooking is less burdensome, housewives seek special dishes to tempt family and friends.

Here are a few choice recipes for your Fall Fiestas. A luscious Almond Bavarian Pie Filling; a deep-dish apple pie (an American Institution)—juicy with that tantalizing country kitchen aroma of apples and spices; and a glistening Cranberry Sauce with just the right amount of sweetness—perfect with poultry or pork.

Try them:

Almond Bavarian Pie

¾ cup KARO Syrup, Blue Label
3 egg yolks
¼ teaspoon vanilla
1 teaspoon almond extract
1 tablespoon gelatin
2 tablespoons water
3 egg whites
½ teaspoon salt
½ cup chopped almonds
1 cup heavy cream, whipped

Heat KARO Syrup to boiling. Beat egg yolks with rotary egg beater in top of double boiler; add KARO Syrup slowly, beating constantly. Place over boiling water and cook about 5 minutes, beating constantly until mixture is slightly thickened. Remove from heat; add flavoring. Add gelatin, softened in water for about 5 minutes. Stir until gelatin is dissolved. Beat egg whites with salt until mixture stands in peaks. Fold in KARO Syrup mixture. Chill. When slightly thickened, fold in nuts and whipped cream. Pour into cookie crumb pie shell or baked pastry shell. Garnish with browned almonds. Chill before serving. Makes one 9-inch pie.

Deep-dish Apple Pies

6 medium-sized apples
1 tablespoon corn starch
1 teaspoon cinnamon
¼ teaspoon salt
2 tablespoons sugar
1 teaspoon lemon juice
1 teaspoon grated lemon rind
3 tablespoons melted butter or margarine
1½ cups KARO Syrup, Red or Blue Label
1 recipe pastry

Peel and core apples. Cut in eighths. Arrange in six individual deep pie dishes. Combine other ingredients as listed; stir until blended. Pour mixture equally over apples.

Roll pastry ¼ inch thick. Cut into six circles, ½ inch larger than pie dish. Place over apples. Turn under outer edges. Seal and flute edges. Bake in hot oven (450° F.) 10 minutes; reduce to moderate (350° F.) and bake 35 minutes longer, or until brown. Serve warm with cream, or hard sauce. For 9-inch deep-dish pie, use same filling but ½ of your favorite recipe for pastry.

Cranberry Sauce

4 cups (1 pound) cranberries
1½ cups KARO Syrup, Red Label
¾ cup sugar
1½ cups water

Wash cranberries carefully and remove any soft ones. Drain. Combine KARO Syrup, sugar and water in saucepan. Bring to a boil and boil rapidly 5 minutes. Add cranberries and boil 10 minutes, or until skins are broken. Chill thoroughly before serving. Makes about 4 cups.

Jeff High PTA Executive Board Met November 6

The executive board of the Jefferson Union High School PTA met in the home of Mrs. Stanford Hannah on Thursday afternoon, November 6, with Mrs. Anne Ingersoll and Mrs. Lily Cavnano, co-hostesses.

Plans were completed for the Teachers' Tea to be held Thursday, November 13, in the high school.

The major portion of the meeting was spent making arrangements for the bazaar to be held on Friday, November 21, in Masonic hall from 9 a. m. to 5 p. m. There will be a food sale, a white elephant table, rummage sale, and handmade articles made by the Nimble Thimble Club on display. Lunch will be served from 11:30 a. m. until 1 p. m.

All committee members for the bazaar are requested to attend the meeting at the home of Mrs. Emma D'Isip, 884 Templeton avenue, at 11 a. m. Wednesday, November 19.

The District meeting will convene at 10 a. m. Thursday, November 20, in the auditorium of Jefferson Union High school. Luncheon will be served in the cafeteria following the morning session. Anyone desiring reservations is asked to contact Mrs. Eve Hobbs, president, as soon as possible.

The next regular meeting of the executive board will be held December 4 at the home of Mrs. Ida Hanley, 43 Woodrow street, with Mrs. Martha Linden, Mrs. Lillian Thomey and Mrs. Florence Hopman, co-hostesses.

Reports Loss Of Pet Dog

Joe Kusber of 60 Werner street reports the theft of a five-month-old female Airdale Terrier. The animal, which is black with brown legs, weighs 35 pounds and is 18 inches tall. She answers to the name of Boots. Mr. Kusber is worried, for she is not only a very valuable dog, but he is exceedingly fond of her. If you see an animal answering this description call Delaware 3-6277. A reward is offered.

Miss Heggellund Has Party

Kathryn Heggellund, daughter of Mr. and Mrs. O. Heggellund, 551 Vista Grande avenue, celebrated her fourteenth birthday with a party which included the following guests:

Jacqueline Berady, Arline Trapp, Betty and Dorothy Merciano, Lois Rasmussen, Donald DeCoursey, Gregory Ninus, Harold and Richard Bradford, Michael Sebitts and her brother Arnold.

How Does Car Roll

"On level ground the well lubricated car on which the brakes are not sticking should be fairly easy to roll by hand," states L. G. Evans, general service manager for National Automobile Club. "If it is not, lubrication, brakes, and tire pressures might be checked to advantage."

Notice of Intention To Engage in the Sale Of Alcoholic Beverages

November 5, 1947
TO WHOM IT MAY CONCERN:
Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

6644 Mission Street
Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

On-Sale Beer License
Anyone desiring to protest the issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

The premises are not now licensed for the sale of alcoholic beverages.

Jaysee Mothers Met Last Thursday At Coyote Point

The San Mateo Junior College Mothers' Club held its regular meeting at the Coyote Point campus Thursday afternoon with Mrs. George Bruns presiding. Mrs. P. G. Ferguson, character education chairman, gave a Thanksgiving reading and poem. Membership of the unit has reached a new high of 207 members.

Mrs. C. E. Hoffman, program chairman, presented Dr. Stanley Sharp, head of the English department at the college. Dr. Sharp gave an informative talk on the advantages of students taking the first two years of their college work at a Junior College and told of the special advantages and opportunities offered by San Mateo Junior College.

The Girls' Glee Club accompanied by their instructor, Frederick Roehr, sang three groups of songs.

Mrs. Chas. Morris and Mrs. Martin Kaufmann reported on progress being made in making slip covers and re-upholstering furniture for the students' lounge and other rooms.

A great deal of interest was shown in the reading of the play "Dear Octopus," to be read by Miss Ada Beveridge on Thursday, December 4.

Hostesses during the tea hour were Dean Elizabeth Balderson and Mrs. G. E. Doty. They were also in charge of the tour of the campus grounds immediately afterward.

Ordinance No. 276

AN ORDINANCE AMENDING SECTION 203 OF ORDINANCE NO. 219 OF THE CITY OF DALY CITY

The City Council of the City of Daly City do ordain as follows:

Section 1. Section 203 of Ordinance No. 219 is hereby deleted and in the place and stead thereof a new section, designated "203" is hereby adopted, to read as follows, to-wit:

"Section 203. Any person desiring a building permit shall, at the time of filing an application therefor, as provided in Sec. 201 of this Code, pay to the Building Inspector a fee as required in this section:

For a total valuation of \$500 or less, \$4.00 minimum fee.
For a total valuation of \$500.00 to \$25,000, \$4.00 per thousand.
For a total valuation of \$25,000 to \$50,000, \$100.00, plus \$2.50 per thousand over \$25,000.

For a total valuation of over \$50,000, \$162.50, plus \$1.10 per thousand over.

The city, county, state, or the United States of America shall be exempt from the paying of any fee for any building.

Where work for which a permit is required by this Code is started or proceeded with prior to obtaining said permit, the fees above specified shall be doubled, but the payment of such double fee shall not relieve any persons from fully complying with the requirements of this Code in the execution of the work nor from any other penalties prescribed herein.

The Building Inspector shall keep a permanent, accurate account of all fees and other monies collected and received under this Code and give the names of the persons upon whose account the same were paid, the date and amount thereof, together with the location of the building or premises to which they relate."

Section 2. The City Clerk is hereby instructed to cause this ordinance to be published once in the Daly City Record, a newspaper of general circulation, printed and published in the City of Daly City, and hereby designated for that purpose.

Introduced this 27th day of October, 1947.

Passed and adopted as an Ordinance of the City of Daly City the 10th day of November, 1947, by the following vote:

AYES, COUNCILMEN: DENNIS, McHUGH, BATTYE.
NOES, COUNCILMEN: NONE.
ABSENT, COUNCILMEN: CRAIG, GAGGERO.

MELFORD D. BATTYE
Mayor of the City of Daly City

ATTEST:
B. C. ROSS
City Clerk of the City of Daly City
(Pub. Nov. 13, 1947.)

Marriage Licenses

Ralph Johnson, 40, 1480 Wallace avenue, and Elaine Barton, 21, Daly City.

John Overton, 23, Daly City, and La Vaughn Anthony, 22, 430 Garfield street, San Francisco.

Robert Anderson, 22, Daly City, and Wava Boyd, 23, 724 Mason street, San Francisco.

Leonard Sorg, 24, and Barbara Capetanich, 19, both of Daly City.

Tony DeMarco, 35, 1188 Alabama street, and Lee Causarano, 28, Daly City.

Amedeo Catassi, 26, Daly City, and Lola Barsanti, 24, 1375 Hampshire street.

House Plants

All house plants prefer more atmospheric humidity than is found in most homes, and all are injured by gas fumes. Even a small leak may cause the death of some. When watering, put on enough to allow the water to come through the drainage hole in the bottom of the pot.

Notice of Administrator's Sale Of Real Estate At Private Sale

No. 13151, Dept. No. 2

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

In the Matter of the Estate of EMANUEL GAMBIN, also known as MANUEL GAMBIN, Deceased.

Notice is hereby given that MANUEL GAMBIN, Administrator of the Estate of EMANUEL GAMBIN, alias, deceased, will sell at private sale in one parcel, to the highest bidder, upon the terms and conditions hereinafter mentioned and subject to confirmation by the above entitled Superior Court, on or after the 2nd day of December, 1947, all the right, title, interest and estate of the said EMANUEL GAMBIN, alias, deceased, at the time of his death, in and to the real property hereinafter described, and all right, title and interest that the said estate has by operation of law or otherwise acquired, other than or in addition to that of said deceased at the time of his death, in and to the following described real property:

All the following described property situate in the City of Daly City, County of San Mateo, State of California, to-wit:

COMMENCING at a point on the Southerly line of Winchester Street, formerly Manchester Street, formerly Elizabeth Avenue, distant thereon 115 feet westerly from its intersection with the westerly line of Acton Street, formerly Henrietta Street; running thence Southeasterly and parallel with Acton Street, formerly Henrietta Street, 99 feet, thence at a right angle Southwesterly 26 feet; thence at a right angle Northwesterly 99 feet to said line of Winchester Street, formerly Manchester Street; thence at a right angle Northeasterly 26 feet, along the line of Winchester Street, formerly Manchester Street to the point of Commencement.

BEING Lot 13 as said lot is designated and delineated upon that certain map entitled "MAP OF SUBDIVISION OF LOTS NO. 133, 135, and 137 OF WEST END HOMESTEAD SAN MATEO COUNTY, CAL.", which map was filed in the office of the Recorder of San Mateo County, State of California, on November 16, 1908 in Liber 6 of Maps at page 48.

Terms and Conditions of Sale: Cash, lawful money of the United States, ten (10%) per cent of the purchase price to be deposited with the bid; balance on confirmation of sale by the Court. Deed and any policy of title insurance at the expense of the purchaser. Taxes and insurance to be prorated as of date of delivery of deed.

All bids or offers must be in writing and may be delivered to the office of JOHN FRANCIS DIGARDI, attorney for said Administrator, located in Suite 1014, of the Bank of America Building at 300 Montgomery Street, San Francisco, California, or may be filed in the office of the Clerk of this Court, at any time after the first publication of this notice and before the making of the sale.

Com. Chest Drive Slumped Badly

Last gasps of our sadly futile Community Chest drive show our \$3,000 quota ignored in a storm of non-cooperation on the part of local residents.

We swarmed over the bottom with a total collection of \$392.62. Where the fault lies is a point for discussion. Valid claim of many residents is the fact that their employers in other communities deducted from the pay roll.

Report From County Recorder

County recorder's office fees for the month of October totalled \$16,579.50, an increase of \$6,230.60 over October, 1946. The office handled 5,979 papers this year in October in contrast to 5,725 last year.

Marriage licenses were on the up grade, too. Three more couples took them out last month than in the year before.

T. C. Rice, county recorder, also reported action on 29 Service discharges.

All that certain real property situate in the City of Atherton, County of San Mateo, State of California, described as follows, to wit:

Lots 44 and 49, as designated on the map entitled "MAP OF THE SUBDIVISION OF THE POLHEMUS TRACT IN THE RANCHO DE LAS PULGAS NEAR MENLO PARK AND LELAND STANFORD UNIVERSITY," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on August 29, 1891 in Book "C" of Maps at page 64 and a copy entered in Book 2 of Maps at page 35.

EXCEPTING THEREFROM that certain triangular piece of land in the northeasterly corner of Lot 44, deeded by J. A. Drinkhouse to Peninsular Railroad Company, a corporation, by Deed recorded September 23, 1907, in Book 141 of Deeds at page 149, Records of San Mateo County.

PARCEL III

All that certain real property situate in the County of Kings, State of California, described as follows, to wit:

The Northeast Quarter of the

New Arrivals

To the wife of Ralph C. Hall, 464 Irvington street, on October 25, a son.

To the wife of John W. Kruse, 144 Moltke street, on October 20, a daughter.

To the wife of William R. Wallace, 1137 Hanover street, on October 27, a son.

To the wife of Albert E. Axt, 11 Miriam street, on October 28, a son.

To the wife of William S. Cordano, Colma, on November 3, a son.

To the wife of John W. Dean, 6610 Mission street, on October 31, a son.

To the wife of John C. Firpo, 63 Werner street, on November 1, a daughter.

To the wife of Kenneth E. Garcelon, 110 East Vista avenue, on November 1, a son.

To the wife of James S. Hinds, 186 East Vista avenue, on November 5, a son.

Southwest Quarter (NE ¼ of SW ¼); the Southeast Quarter of the Northwest Quarter (SE ¼ of NW ¼); the Southwest Quarter of the Northeast Quarter (SW ¼ of NE ¼); and, the Northwest Quarter of the Southeast Quarter (NW ¼ of SE ¼), all in Section 20, Township 20 South, Range 19 East, Mount Diablo Base and Meridian, in the County of Kings, State of California.

PARCEL IV
All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Van Dyke Avenue (formerly Twenty-second Avenue South) and the southeasterly line of Griffith Street (formerly "G" Street South); running thence northeasterly along said line of Griffith Street 200 feet to the southwesterly line of Underwood Avenue (formerly Twenty-first Avenue South); thence at a right angle southeasterly along said line of Underwood Avenue 300 feet; thence at a right angle southwesterly 200 feet to the northeasterly line of Van Dyke Avenue; thence at a right angle northwesterly thereon 300 feet to the point of beginning.

Being lots numbered 9 to 20 inclusive, in TIDE LAND BLOCK NO. 427.

PARCEL V

All that certain real property situate in the City and County of San Francisco, State of California, described as follows, to wit:

BEGINNING at the point of intersection of the northeasterly line of Hollister Avenue (formerly Thirty-second Avenue South) and the southeasterly line of Coleman Street (formerly "C" Street South); running thence northeasterly along said line of Coleman Street 200 feet to the southwesterly line of Gilman Avenue (formerly Thirty-first Avenue South); thence at a right angle southeasterly along said line of Gilman Avenue 600 feet to the northwesterly line of Boalt Street (formerly "B" Street South); thence at a right angle southwesterly along said line of Boalt Street 200 feet to the northeasterly line of Hollister Avenue; thence at a right angle northwesterly thereon 600 feet to the point of beginning.

Being all of TIDE LAND BLOCK NO. 848.

PARCEL VI

All that certain real property situate in the County of Yuba, State of California, described as follows, to wit:

The East Half of the Northwest Quarter (E ½ of NW ¼) of Section 23, Township 17 North, Range 5 East, Mount Diablo Base and Meridian.

Also for general relief, as will more fully appear in the complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiff will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of San Mateo, State of California, this 15 day of May, 1947

SMITH, GUY TYSON SLAUGHTER, CHARLES GEORGE SEAGER, First Doe, Second Doe and Third Doe, also all other persons unknown, claiming any right, title, estate, lien or interest in the real property described in the Complaint adverse to Plaintiffs' ownership, or any cloud upon Plaintiffs' title thereto, DEFENDANTS.

YOU ARE HEREBY DIRECTED to appear and answer the Complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of San Mateo, within ten days after service on you of this Summons — if served within this County; or within thirty days if served elsewhere.

That said action is brought to obtain a judgment and decree quieting Plaintiffs' title to the following described real property, situated in the County of San Mateo, State of California, and to determine all adverse claims thereon, and particularly described as follows, to wit:

Lots 22, 23 and 24 in Block 32 and Lots 28, 29 and 30 in Block 31, as designated on the map entitled "AMENDED AND SUPPLEMENTAL MAP OF MONTARA SAN MATEO COUNTY CAL.", which map was filed in the office of the Recorder of the County of San Mateo, State of California, on October 16, 1907 in Book 5 of Maps at page 25.

Also for general relief, as will more fully appear in the Complaint on file, to which special reference is hereby made.

And you are hereby notified that unless you appear and answer as above required, the said Plaintiffs will apply to the Court for the relief demanded in the Complaint.

Given under my hand and the seal of the Superior Court at the County of San Mateo, State of California, this 14th day of August, A. D., 1947.

NEWS FROM THE SCHOOLS

JEFFERSON

Kindergarten News

The old tale of the Three Billy Goats Gruff has been the center of interest in the kindergarten. The children have retold the story in their own words, have dramatized it and have made a frieze for the decoration of their room. The playhouse furniture has been repaired by Jackie Kelleher and Charles Sawin. Many little girls have been busy making new curtains for the windows. These activities have given them the opportunity of learning to work together in groups for the benefit of the whole class. They are learning to share experiences and to work as a team in their rhythm band.

First Grade News

Story hour is enjoyed by the first grade. Last week the pupils expressed a desire to enact and characterize some of the stories.

The story of the Three Bears was enacted by Carolyn Dennis, Donald Solem, Marie Bocci, and Dolores Del Campo.

High First and Low Second News

In connection with our unit, "The Community," the second grade has been correlating the subjects of safety and citizenship.

We have held a discussion on some of the things good citizens do when at home and way from home.

The boys and girls hope they have learned their lesson well enough that the adults will remark on their good behavior.

High and Low Second Grades

Living on a farm is the theme of the mural being constructed by the second graders. Everyone of the children is contributing to the cooperative picture, and each child will be able to see his particular part in a well-planned mural.

A turkey scene decorates one of our walls and the trees in the scene were made by Lee Chessman, Judy McCullough, Ralph Carl and Donna Lee Estebez.

Low Third Grade News

Studying the clothes worn in different countries has been fun—especially in the Sahara desert and Congo—but the children agree that the Indians in our United States were most interesting of all.

Besides studying clothes of the world, the boys and girls have been studying geography. It is fun locating places on the maps and globe.

The high third and low fourth are very much interested in their new unit of work, "Old California." Their interest and enthusiasm is shown by the pictures and stories brought in and by their anxiety to work on pictures and stories relating to the unit.

WOODROW WILSON

The students of the seventh grade are studying the different types of sea planes. The float type has its fuselage above the water and has buoys instead of wheels. The sea boat is really a boat with wings.

The amphibian plane, every child seems to know, as it is common around the San Mateo county area. The helicopter and autogiro types interest the pupils greatly as they are not often seen in this district.

Pupils of the high sixth and low seventh are studying the wars of independence in the Americas. They have been studying the revolt of the thirteen English colonies.

The fifth grade boys and girls are learning how their woolen clothes are made. We found a poem called "The Sheep," which we are memorizing. We are going to learn how wool is scoured, corded and woven into cloth.

We are also busy preparing our transportation folders for display during parents week. We are sure our parents will enjoy seeing what we have done during our first two months. Shirley Melicker is our flower monitor. She is responsible for decorating the room.

The members of low fourth are making a large map of California. On this map they have placed

BROWNIE TROOP NO. 15 ENJOY FINE HALLOWE'EN PARTY

Tardy news of Brownie Troop No. 15 Halloween party reveals prizes were won by Sharon Casad and Donna Hiatt, who pinned the nose on the witch better than the rest of the girls. In the Tossing Chips game prizes were won by Janet Cirimele and Carol McInerney.

The party was held on October 31 in the home of Mrs. Kay Sunderman. Fourteen small characters in costumes attended.

New Office Established

Establishment of a new district office in Santa Barbara has just been announced by National Automobile Club. The new office, located on the important U.S. Highway 101, will provide complete service to resident and traveling motorist members of the organization.

Stripers Taken

Some sizable striped bass were taken this week from Elkhorn slough in Monterey county, reports the National Automobile Club.

drawings of ships representing the early explorers who sailed along our coast: Cabrillo, Sir Francis Drake and Viscano.

As we continue our study of early California we will place drawings of other explorers and the pictures of the missions on our walls.

Students of the high fourth grade made spatter ink covers for their social studies notebooks. A precis of each study is written and appropriate drawings are made and kept in our notebooks.

The children in high third and low fourth grades are studying the coffee tree. They have learned the countries in which coffee trees grow and what the tree, blossoms and berries look like.

The low third grade is now studying the clothes of Mexico. The children in the room have asked their parents to be sure to visit their room at 11:10 Monday morning for an Education Week program.

CROCKER

Major projects of the Crocker students is the gathering of material studied the past two months to present to the parents during Education Week. Bulletin board displays, daily work folders, social science units and class work demonstrations will constitute the main points of interest.

Seventh grade: Lorraine Bergstrom and Carol Clarke were hostesses at a Halloween party on that holiday. Their mothers joined in the fun by also appearing in costumes. Highlights of the party included bobbing for apples and going on a ghost walk.

John Martino of the low eighth grade has moved to Redwood City where he will attend McKinley school.

County Moves To Acquire Land

As San Mateo County Board of Supervisors took steps this last week to arrange for the construction of a courthouse annex on the site of California Square, they were warned by Gilbert Ferrell, district attorney, not to spend a great amount of money on plans.

Ferrell did not reveal whether or not he thinks the county stands a chance to get the property which is to be condemned by authorities to gain title to the property.

Daniel E. Sullivan, Ferrell's assistant, and M. H. Morrissey, Redwood City attorney, are searching records in San Francisco and Redwood City to ascertain whether legal red tape will prevent acquisition of the square block.

The park was originally given to Redwood City by S. M. Menzies. The problem concerns the possibility of a clause in the dedication saying it would revert to the heirs according to Sullivan. Morrissey, however, stated the problem was a question of title rather than reversion.

A meeting is to be held with the grandson of Menzies, and another will be held in Redwood City today (Friday) at which time local officials will announce where they stand.

Sanitary Linings

Non-oil-reactive, alcohol-soluble thermosetting resins find wide usage in the production of sanitary linings for food and beverage containers. Applied by roller coating on flat sheets of tinplate, the films are cured at suitable time-temperature cycles, after which the tin cans are fabricated. The coatings withstand not only the forming and crimping operations of can manufacture, but also the rigors of steam pressure cooking, sterilization.

Halley's Comet

Halley's comet has been tracked back to 240 B. C. The appearance of this comet in A. D. 1066 is recorded on the Bayeux tapestry. The comet was named for Edmund Halley, the first astronomer to establish the fact of a comet's periodic return.

HI-LITES AT S.F.J.C.

By Frank Gale

Living up to advance press notices, the Los Angeles City College Cubs clawed a 14-0 victory out of a fighting SFJC football eleven. The Rams were holding the southerners to a 0-0 draw midway in the third quarter when L.A.'s Woodley Lewis broke away for a 78-yard t.d. sprint.

Gage Wilson's conversion made it 7-0. A desperation pass by Jim Greene was intercepted to pave the way for the second L.A. score. Jack Wirick scored with seven seconds remaining in the contest and again Wilson converted.

The Rams outplayed the Cubs in the first half. Twice they threatened; once reaching the L.A. 3-yard marker only to have a penalty halt the drive. Ken Schuchard intercepted a Cub aerial to start the Rams rolling for their second threat. With Howie Crouch, Ray Stewart, and Jim Carter ripping the Cub line, the locals reached the enemy 23 only to have Rob Toquinto's pass intercepted.

J.C.'s quarterbacking was "just awful," to use a mild term. To offset this disgusting display of ball handling, the line turned in a tremendous job. Glenn Stern, Tom Childs, George Maganaris, Paul Hagan, and Cecil Hamilton played their hearts out. Line Coach Bill Fischer, ex-Commerce Hi mentor, is to be lauded for his outstanding work with the forward wall.

Coach Grover Klemmer's charges take on Salinas tomorrow at the Washington Hi field. Yours truly hopes Klemmer can find a reliable signal caller by game time.

Soccer

Flaring tempers and internal strife didn't help matters much as the locals dropped a 1-0 verdict to the Cal Aggies last Saturday. The Aggies, a last place club, deserved to win what with their inspired determination and hustle. While the J.C. boys were blaming each other for their own mistakes, the visitors sneaked one over in the first half. This was enough for an upset that sent the Rams tumbling down to their second defeat of the year.

Apparently the boys were looking ahead to their big game with USF Saturday and didn't take the winless Aggies seriously. A few (and I mean a few) of the boys playing good ball instead of "squawking," were Ken Fitts, Bob Di Grazia, Don Larroache, Pat McMillan, and hustling John Emerson.

The Hillsman-coached squad will have to play their best game of the year to beat U.S.F. If they play as they did against Stanford and California, they could pull an upset over the Dons.

Basketball

Some of the boys in and around the Excelsior district signing up for basketball Monday were Rudy

FOLK DANCE FEAST SUNDAY AFT.

Folk dancers from all over California will meet at a mammoth festival in the San Francisco Civic auditorium on Sunday afternoon, November 16, from 1:30 to 5:30 p. m. These parties are monthly events under the sponsorship of the Folk Dance Federation of California.

The November affair is presented by the San Francisco Folk Artists and the Folk Art Carrousel, social and exhibition dance clubs of the San Francisco Folk Arts group, a member of the statewide federation.

Theme of this month's festival is a Polish Peasant Wedding, and all of the color of peasant costumes will be evident in the decorations, programs and attire of the dancers. As a frame for an exhibition of authentic Polish dances, the wedding festivities will be complete with match-makers, bride and groom, attendants, and wedding cake.

Danced in honor of the occasion will be exhibitions of the Polish Mazur, by the Folk Artists, the Polish Goralski, presented by the Carrousel Group, and the Polish Krakowiak, by the Festival Workshop. In addition, a program of 36 dances of many nationalities is planned in which every dancer, and the public, is invited to join.

The festival is open to the public, with no admission charge. Walter Grothe, president of the northern section of the federation, will welcome the thousands of dancers and spectators, who, in increasing numbers, turn out for these monthly parties.

The Folk Dancers Federation of California consists of 90 separate dancing clubs, ranging from Fort Bragg to San Diego. Representatives of most of these clubs are expected at the Polish Peasant Wedding. This month's hosts, the San Francisco Folk Artists and Carrousel Club, work and play at the varied business of folk dancing under the direction of Grace Perry-

Pfister, Irv Thomas, Jim Skinner, Earl Christensen, Leo Bucciarelli, and Dave Rapken, all-city from Balboa Hi.

To Our Ageing Readers Only:

Do you envy the life of a coed; of a "joe college"? Don't feel bad about it. Seventy-nine-year-old James Nicklen, J.C. freshman, is the oldest college student in the world (says Bob Ripley). He isn't the only antique either, there are plenty of ladies in the don't-you-dare-ask-my-age group, 30-45. In other words you can still go to college and take life easy(?) See you next week.

Westervelt Associated Chairman

District Council 7 of the Associated Sportsmen held its installation banquet last Thursday. The new chairman is Myron "Westy" Westervelt of Daly City Rod and Gun Club. (Westervelt is also a member of the California Huntsmen and the Coastwide Sportsmen.)

Aim of the organization, as stated by Chairman Westervelt, is to gather as many sporting organizations as possible under the Associated banner in order to gain strength to combat sheep and cattlemen who are taking over public domain and forests.

Jimmy Fox of the local club spoke on the plan of the organization to start a junior branch for boys from 14 to 18 years. Members of the 1937 Junior Patrol are now club members and want to repay the debt by starting other young boys and men on the road to becoming good sportsmen.

EPIPHANY SOCIETY BOOKS DINNER-DANCE

Epiphany Holy Name Society will hold its first dinner-dance on November 15 in the school auditorium. Dinner will be served at 6:30 p. m.

Chairman Edward Dougherty announces John Lagorio's five-piece orchestra will furnish the music.

man, teacher and general director of activities.

Following the afternoon festival, the folk dancers plan to dine in any of the famous San Francisco restaurants, and gather again at the Central YMCA, 220 Golden Gate avenue, where the San Francisco Gate Swingers, another of the city's many folk dancing clubs, will be hosts to an evening folk dance party from 8 until 11 o'clock.

SUMMONS

No. 43,440

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO

JULIA MONTGOMERY, Plaintiff, vs. FRED A. MONTGOMERY, Defendant

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

FRED A. MONTGOMERY, Defendant.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said County, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 13th day of June, A.D., 1947.

FIRE FIGHTERS FACTS

By Mel Hanson
Publicity Chairman

Vol. 1, No. 12 November 14, 1947

Man Burned by Gasoline

Thursday, November 6, at 5:45 p. m. box 33 was sounded by the police department. The call came from A. Sokol at 6642 Mission street, stating his home was on fire. The police arrived and removed Sokol to the Junipero Serra hospital, where he was treated for burns on the legs and hands.

The fire department responded and extinguished the blaze and found that Sokol had been using gasoline to help his bon-fire along. It seems he was burning some rubbish in the back yard of his home. He didn't have much success because of dampness, so he went into the house and filled a quart jar with gasoline. In the process of filling the jar gasoline was spilled on his shoes. After this he proceeded to the back yard with the gasoline and threw it on the lighted fire. A great flare of flame rose from the fire and ignited his shoes and trousers. He tried to smother the flames with his bare hands without success. He then ran into the house to call for help and started the house afire from his burning clothes. The damage to the house was slight but Sokol suffered third degree burns on one leg and on both hands.

Gasoline is dangerous. Don't use it for cleaning, to help a fire along or for any other reason other than for which it is intended. It is a crime to have to learn a lesson the hard way — the way Mr. Sokol did.

Here is the tenth and final installment of the check list provided by the Daly City Fire Department to insure you of a safe home, a home safe from the fire menace.

OTHER SPOTS TO CHECK

54. Soot in chimneys and heaters should be removed at least annually.

55. Unused flue holes should be safely closed with non-combustible caps, not papered over or left unstoppered.

56. Accumulations of dry leaves, rubbish, etc., behind shrubbery and near house and in roof eaves should be cleared away.

IN BUILDING YOUR HOUSE

57. Joists should not extend into chimneys.

58. Walls should contain fire-stops at each floor level, at line

of eaves and where chimney passes through each floor.

59. If house is insulated, only approved non-combustible materials should be used.

60. Fire places should be safely insulated.

This is the last installment of the check list; it is our hope that you as a reader have been benefitted by it. If, through this list of 60 suggestions, only one person has been benefitted, we feel that our time and effort have been rewarded.

Next week the Daly City Record will carry a list of all the fire alarm boxes and location of each box.

We know that many new comers to Daly City and even some of the old timers have failed to find the location and number of the fire alarm box nearest their homes. We feel it worth while to run this list next week to acquaint every one of Daly City with the numbers and locations.

The Board of Fire Commissioners of Daly City have authorized the fire chief to purchase one oxygen mask for Company No. 1.

Company No. 1 is the rescue and salvage truck of the city and is equipped with salvage blankets, lighting unit, inhalator, gas masks, life lines, tannic acid spray, and many other pieces of equipment.

This new piece of equipment will be used in places where the common gas mask cannot be used. In cases where the ammonia pipes of a refrigerator have been broken. It can be used in all gases.

We believe it is a piece of equipment well worth having in the fire department.

It Could Have Happened????

Emil Bertelli of Company 1 and Fred Bertetta of Company 6, who had never been on a train before were delegates to the firemen's convention in New York. A food butcher came through the train selling bananas. The two firemen had never seen bananas, and each bought one. As Emil bit into his, the train entered a tunnel. His voice came to his companion in the darkness:

Emil: "Have you et yours yet?"

Fred: "Not yet. Why?"

Emil: "Well, don't touch it. I've eaten one bite and gone blind."

Accident Causes

Almost one-third of California's 1946 traffic accidents arising out of traffic violations were officially attributed to exceeding a safe speed under prevailing conditions. The second most important factor was violation of either pedestrian or automobile right of way. Be safe by driving sanely, urges the California State Automobile Association. Take It Easy—and Live!

Motor Vehicle Factory Sales

Motor vehicle factory sales from plants in the United States totaled 3,497,811 for the first nine months of 1947, reports the National Automobile Club. Of this number 2,570,059 were passenger cars and 927,752 were trucks and coaches.

San Mateo Jaysee Notes

San Mateo Junior College students will observe Sadie Hawkins day by holding the traditional race at Dogpatch this Saturday and the Sadie Hawkins barn dance in the college gym in the evening. An orchestra will play for the dancing from 9 to 12 in the gym which, through the labors of the Block S men will be made to resemble a huge barnlike structure.

Brief notes from the college would include the fact that the yearbook staff is hard at work on the June publication; three students represented the college at the meeting of the California junior college association of student body officers, in San Francisco; that the college Players Club is practicing steadily on the term play, "Holliday," by Philip Barry; that the Press Club is having a progressive dinner this Friday evening, and that President Charles Morris and James Tormey, director of the college adult center, are both attending important conferences in southern California this week end.

This Saturday afternoon the junior college football team closes its conference schedule by playing Modesto jaysee on the San Mateo High School field. Game time is set at 2 p. m. Coach Murius McFadden and his men have one more game to play, that at San Bernardino, and then the season will be at an end. Last Saturday the Matetans lost to Menlo jaysee, 27-6, and ran their string of losses to six games.

\$90,000 In Xmas Savings Funds For Daly City-Colma

Daly City residents will have \$60,000 to spend on Christmas presents this year according to the report on Christmas Club funds by F. Erickson, manager of the local Bank of America.

J. Ferrari, manager of Colma Bank of America says his flock will be able to gift their friends to the tune of \$30,000.

Other funds in the county total \$400,000. It looks as though Christmas, while not white, will be opulent in this part of the country.

Hallowe'en Prizes Go To Many

Attendances at the city Hallowe'en parties were heavy. Our Lady of Perpetual Help entertained about 500; Jefferson High cafeteria, 400; General Pershing school, 250; Old No. 4 Firehouse, 100, and Bellevue Recreation hall, 200.

Winners of prizes so far as could be ascertained in the wonerful confusion were:

Our Lady of Perpetual Help—Costume winners: 5 - 10 years — Myrna Gray, Donald Weckerle, Danny Curtin; 5 years and under — Dianne Bertelli, David Johnson; 11 years and over — Eddie Harper, Patsy McGraw. Winners of soda drinking contest were John Madden and Rose Eling.

Jefferson Union High School cafeteria: Game contest winners — Bobby Sims, Ruben Martinez, Herbert Frost, Carl Firpo, Paul Louisa, Billy Hillegas, Lennie Monson, John Dennis.

Costume awards: 5 years and under — Louise Ann Kusber, Wardell Angilly; 6 - 10 years — Yvonne Del Barccio, Marlyn Forss, Mary Hall, Tommy Dodge, Diane Mae Dodge, Georgetta Viola, Brower Dimond.

Eleven years and older — La Vonne Anderson, Lois Davidson, Buddy Dodge.

Amateur contest winners: Shirley McMann, Carrol Benedetti,

Mary Hall Yvonne Williford, Marilyn Jones, Edward Dennis, Lois Davidson, Yvonne Del Barccio.

Old No. 4 Firehouse — Costume winners: 5 years and under — Victoria Hansen, Ira Ingersoll, Julie Fillmore; 6 to 10 years — Lois Kramer, Jack Calvin, Lane Calvin, Mary Ellen Hoose; 11 years and over — Leonard Mullen, Jacqueline Mullen.

Contest winners: Ellen Heatley, Leonard Mullen, Margaret Michelson, Dennis Hansen, Alfred Perry, Ira Ingersoll, Robert Morris, Victoria Hanson, Lane Calvin, Mary Ellen Hoose, Alice Quickert, Lois Kramer.

General Pershing school — Costume prizes: 5 years and under — Georgann Freeland, Leonard Thompson, Jacky Genochio; 6 to 10 years — Gwenn Topping, Ilev Jones, Mark Welcome; 11 years and over — Margaret Carlson, Patsy Coffee, Donald Jennings.

Contest winners: Charleen Smith, Bob Murchison, Sandra Faulk, and Mrs. Dolly Gensel.

Recreation hall on Bellevue avenue, teen-agers — costume prize to Pete Mojas and Laverne Anderson and Lois Andersen.

Backers were the city recreation department, Colma, Crocker-Pershing, Jefferson Union High school and Woodrow Wilson PTAs and Our Lady of Perpetual Help Mothers' Club.

Marine Corps Reserve Growing

"Civilian Marine" is the appropriate title borne by members of the Marine Corps Reserve. On the eve of their 172nd Anniversary, on November 10, the Marine Corps boasts a reserve force nearly 54,000 strong as a supplement to the regular Marine Corps establishment.

Xmas Seals On Sale Nov. 24

People of San Mateo county actually receive a ten-fold return for their annual purchase of Tuberculosis Christmas Seals, it was declared today by Dr. Harry Warren, chairman of this year's annual seal sale for the County Tuberculosis and Health Association.

"During the past year," Dr. Warren said, "the mobile X-ray laboratory operated on Christmas Seal funds has made more than 40,000 chest X-rays of residents of the county free of charge. The bulk of these X-rays were made for school children but numerous other health control, commercial and industrial organizations benefitted from this free service.

"All this was made possible by last year's sale of Christmas Seals and the volunteer work of numerous persons including the very generous aid of the county's medical profession. I think it should be realized by everyone that this huge undertaking would have cost considerably more than \$350,000 if all this service had been arranged and paid for privately.

"But the co-ordination of the association, with careful management, has succeeded in doing the job on the approximately \$35,000 of last year's Christmas Seal sales. Thus, this item, alone, is a ten-fold return for the money spent on the seals; and this does not count the maintenance of all the regular services of the association and its new extension of aid to tubercular veterans."

Dr. Warren expressed hope that the county will respond generously to the 1947 Tuberculosis Christmas Seal sale which starts November 24 and has a \$37,500 goal.

SCOUT CALENDAR READY FOR SALE

Last Thursday's meeting of Girl Scouts troop No. 2 included the reading of an essay on the Flag by Beverly Hamilton, and a song by Roberta Taylor.

Catalogues and sales slips for 1948 Girl Scouts calendars were given out. Each girl chose a foreign country to write about. Clean-up committees were also appointed.

Approximately \$4 in camp savings stamps were sold.

Horse Show In Colma

Colma horsemen are being offered a play-day on Sunday, November 16, at Buffalo Bill Williams' stables. Events will begin at 1 p. m. Participation and observation will be free of charge.

W. R. Lane, South City, is in charge of the races, and Cecil Jacka, Colma, is in charge of the horse show events. For further information call Delaware 3-0642.

LOCAL LIBRARY WILL OBSERVE NATL. BOOK WEEK

Books for the World of Tomorrow is the theme of National Children's Book Week which will be observed in the library from November 16 through 22.

Librarian Marcie Trier says there will be over 30 new books on display with posters and decorations geared to the program. Book marks will also be given to young-crowd members who come into the library.

Mrs. Trier has also a display of colored prints of dolls in costumes of all nations to promote the idea of world understanding. She invites young people and or their parents to take out a card and visit the exhibit. "No age is too young to learn to enjoy books. Why not see that your child has the opportunity?"

This national celebration was begun in 1917 by the librarian for Boy Scouts of America to foster an added interest in good

Court St. Mary Bazaar Scheduled For November 20

Plans are going ahead for the bazaar to be held by Court St. Mary No. 1155, Catholic Daughters of America, in Masonic hall on November 20 at 8 p. m. Friends and sister members are invited to attend. The booths will be: home made cakes, Valletta Ennis; groceries, Nellie Moran; needlework, Mrs. Kemnitz; aprons, Helen Rode; knick-knicks, Katherine McDermott; tea readers, Camille Clarke and Madgelene Savage; refreshments, Evelyn Weckerle; games, Gladys Walden.

Through a national program of the Catholic Daughters of America all courts are asked to adopt a destitute family of Europe, Court St. Mary has voted to adopt one of these families under CARE.

A memorial mass was said for all deceased members of Court St. Mary on All Souls Day.

A large whist party is being planned for December 4 at 8:30 p. m. in Masonic hall. Helen Rode and Valletta Ennis are co-chairmen. Agnes Denning was elected trustee for two years.

A suggestion was sent by Mrs. Elizabeth Collins, past state regent of the Catholic Daughters of America, that each member spend one hour of prayer in church asking God to bestow peace on the world.

The members of Court accepted this suggestion. The days of November are taken. Each month Grand Regent Jeanette Lacchine will fill a calendar with the names of members who will carry on this prayer.

Gladys Walden announced the local day for appearance on the "Lady Go Lucky" program is January 9. Members are urged to bring in all the labels so they can be turned in before that date.

Baseball Team Will Give Dance Saturday, Nov. 22

Plans proceed apace for the Daly City Baseball Team dance which will be held in Colombo hall, Colma, on November 22. The gentlemen of the team are currently waiting for a liquor permit for the evening.

The hall will be decorated in the spirit of the Thanksgiving holiday which it precedes. Admission is 75c and dancing will last from 9 to 2 p. m. to the music of the Rhythm Boys.

books. Today it is also observed in England, France, Australia, Brazil and Russia.

Sea Scout Crew Holds Ceremonies

Sea Scout ship 144 Sea Twins held their weekly meeting October 30. No ship's officers were present, but the crew members carried on the ceremonies.

Those who attended were Richard Fitzgerald, Jack Zugar, Paul Galliano, Gerald Young, John Kapur, George Gaimpaoli, Al Christensen, Douglas Vanderbloom, Paulus Casmussen.

Funeral Services For Mrs. E. Langdon

Mrs. Eleanor Langdon, 28, of 226 Miriam avenue, died November 4 in a San Mateo hospital after a short illness. She was the daughter of Mrs. Frances De Nike of the same address.

Services were held on the following day in San Mateo. She is survived by her daughter Beverly and two brothers, Frank Tholen, Daly City, and Virgil H. Tholen, Santa Monica.

Quickert's Turkey Pies Well Known In This Area

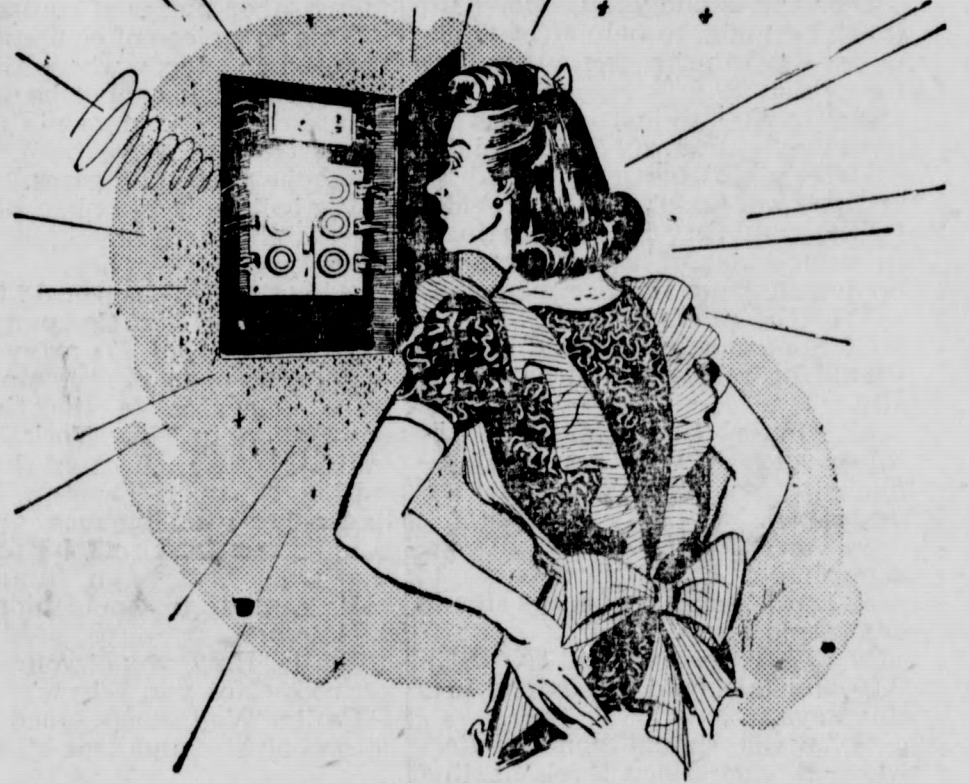

Tom Quickert's Turkey Pies, which are fast becoming Daly City's only food industry (he now sells frozen food companies several hundred a day) were given a "Place in the News" when the children's Mother Hubbard column offered five frozen turkey pies to four babies who won the column's contest last Saturday.

Quick-ert Turkey Pies were given a real editorial puff. But then, localites know all about the contents, taste, and quality of Quick-ies' merchandise. The predictions made when he began the business are coming true.

Waste Food

Rats in the United States annually destroy as much food as can be produced by 200,000 farmers. On the average farm each rat costs the owner around \$2 a year.

LADY- YOU DID IT!

This is the season of the year when those annoying fuse "blow-out" may occur in the home. There are several reasons for these "pesky" mishaps and there are a few precautions you can take to avoid them.

Take these simple precautions and you will avoid trouble this fall and winter:

1. Handle plugs and cords carefully. Tighten up loose screws and nuts in plugs and on appliances.
2. Repair or replace old and frayed cords on all appliances. Check your cords now.
3. Keep spare fuses on hand. It takes only a few seconds to replace a burned-out fuse.

You will be home more hours a day during the coming cold and rainy season thus giving your lamps, radios and appliances longer hours of service. Give them all some care and repair servicing now.

TAKE CARE of plugs that start spitting like a kitten. It is advance notice that a wire is about to burn through or a plug terminal is about to give away.

BEWARE of using too many appliances at one time on a branch circuit. This overloads circuits and causes blowouts.

BEWARE of jerking appliances about by the cord. This loosens terminal connections and causes short circuits and blowouts.

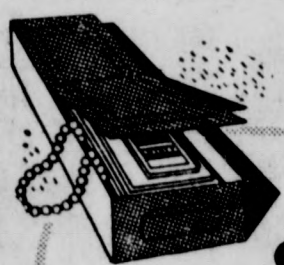

TAKE CARE to have a supply of fuses of the right size on hand. 15 ampere fuses (not 20 or 30 amperes) are right for lighting circuits.

Buy a supply of fuses from your dealer today.

Women of Moose Meet Today

San Francisco Chapter 739, Women of the Moose, will hold its regular monthly meeting today (Thursday) at 26 Seventh street. Library chairman, Irma Heyberger, will be assisted by Nettie Wright and Dorothy Sciacca in hostess duties.

An officers' meeting was held November 11 in the home of Publicity Chairman Elsie Klingler. There will be no meeting on November 27.

U. C. Men Find New Drug Inhibits T.B.

Subtilin, the newest of the potent antibiotic drugs, is being studied in a new medium to determine its effect against tuberculosis germs.

This is reported by a group of scientists in the University of California Medical School, headed by Dr. Hamilton H. Anderson, professor of pharmacology, and including Sam C. Wong and Alvin S. Hambly, research associates.

Subtilin, a cousin of penicillin, has been suggested as a possible agent against the tuberculosis germ, but laboratory experiments on its effectiveness had been inconclusive.

The researchers stated that animal experiments indicate that sufficient concentrations of subtilin cannot be obtained in the body to

destroy the tuberculosis germ; but that concentrations can be obtained which inhibit its growth.

Dr. Anderson stated that this marked inhibition mechanism and the low toxicity of subtilin indicate the drug eventually may be used in man.

The research was done in collaboration with the Western Regional Laboratory, U. S. Department of Agriculture, Albany, and Dr. A. J. Salle, of the department of bacteriology on the Los Angeles campus of the University of California.

Thunderstorm Research Provides New Data

Experiments by Dr. R. E. Holzer, now professor of geophysics at the University of California at Los Angeles, have provided new information about thunderstorms, 1800 of which are in progress at all times on the face of the earth.

Dr. Holzer, in conjunction with Dr. E. J. Workman, now president of the New Mexico School of Mines, reached these conclusions following a series of experiments near Albuquerque, N. M.

quergue, N. M.

1. The average charge carried by a lightning flash is 28 coulombs which falls through a potential difference of several million volts.

2. The average lightning strokes were repeated three times over the same path.

3. Major charges were found to be from 2½ to 4½ miles above the earth.

4. Electrical charges were observed principally from clouds whose tops were from 5½ to 7 miles above the earth.

5. Most lightning strokes to the ground delivered a negative charge of electricity and may be an important factor in maintaining the negative charge on the surface of the earth.

6. Charges are generated in clouds where temperatures are below freezing, usually between 32 and minus 15 degrees Fahrenheit.

LAUSON OUTBOARD MOTOR

Unlike other outboards the Lauson Sport King is powered by an air-cooled engine of 4-cycle design which operates on the same principle as the motor in your car. This famous 4-cycle principle delivers a smooth steady flow of power at all engine speeds. Look for the name Lauson 4-cycle air-cooled Sport King.

U. C. African Findings Reported

The excavation of an excellent collection of animals which lived at the same time as the ancient manape, Australopithecus, near Johannesburg, South Africa, has been reported here by one of the parties of the University of California African expedition.

Dr. Charles L. Camp, director of the Museum of Paleontology at Berkeley and supervisor of the South African party of the expedition, said in a letter to Dr. Samuel Welles, acting director of the Museum, that excavations to date have produced a dozen baboon skulls and fossil remains of antelopes, golden moles and other animals. These fossils may throw more light on the age of the ancient manape.

The excavations are being made in a great limestone deposit, shaped like a biscuit and over 100 feet thick at the center, at Taung, near Johannesburg. Heavy equipment is being provided by the Union of South Africa Defense forces, and employees of the Northern Lime Company are blasting off the top of the biscuit so that further searches can be conducted.

Dr. Camp said that no remains of Australopithecus, an ancient primate who lived from half a million to three million years ago in this area, have yet been found, though it is hoped that specimens will be unearthed.

8:30 p. m.—
Regular meeting, Court St. Mary No. 1155, Catholic Daughters of America, Masonic temple, 17 Hillcrest drive.

RENT HEARINGS DEMANDED BY CIVIC GROUP

The board of directors of the Council for Civic Unity of San Francisco last week called for "full hearings" by San Francisco rent boards before any recommendations for blanket rent raises or for decontrol are sent on to Washington.

"We urge that such hearings be held," said Daniel E. Koshland, Council president, "because of the gravity of the rent question to thousands of San Francisco minority families who are already paying dearly for overcrowded and substandard accommodations in those sections of the city to which they are restricted."

The Council's statement was prompted by the possibility that San Francisco's citizen rent boards might make hurried recommendations to Washington on behalf of decontrol or substantial across-the-board rent raises. Boards in other major cities have taken such action in recent weeks, with widespread protest and serious consequences for tenant families resulting.

Taxpayers' Assn. Goals Slated

Four-fold aim of taxpayers' organizations was outlined by the board of directors of California Taxpayers' association, meeting in San Francisco Friday, November 7, as:

First, to combat the inflation which is steadily eating out the virility and vitality of the American economy.

Second, to remove from government service all unnecessary personnel.

Third, to turn the government of this country again toward the traditional American way — less government in business; more businesslike methods in government.

Fourth, to reduce the over-all burden on the American taxpayer.

To accomplish these purposes, the Taxpayers' association recommends:

On the local level, all but the most urgent capital outlays should be postponed as long as possible, resistance to increased expenditures stiffened, proposals for new and expanded activities turned down, and local governments should carry on their own activities without demanding aid from the state or national governments.

On the state level, the state should husband its resources, exercise extreme caution on new ventures, and get its house in readiness for what the future may hold.

On the federal level, expenditures for the ordinary activities of government should be pared to the bone, excess personnel released, and no new activities embarked upon. The treasury should be closed to further raids in the form of subsidies, subventions, or grants-in-

The Best Drivers

The best drivers, according to the National Automobile Club, are those who are always learning to drive. To go on learning to drive after having mastered the art of operating the controls is to make every experience that comes to you in traffic a part of your driving technique. By using experience in this way the pattern of your driving will have a breadth capable of dealing with every situation you encounter.

aid. Federal debt reduction should be continued. Federal tax reduction should receive immediate attention by congress.

Internationally, anything that the American taxpayers are called upon to provide for the rest of the world should be directed toward making a strong and healthy world economy.

"The American taxpayer today must weigh local, state, national, and international conditions—each in its relation to all the others," the board said. "The cumulative result of small wastes by tens of thousands of units of government can spell disaster."

"The United States must remain strong. It can remain strong by husbanding its resources and intelligently using all its facilities."

A. C. Hardison, of Santa Paula, president of the Taxpayers' association, presided at the meeting, which was held at the Fairmont hotel.

News Column For The Veterans

California veterans whose secondary education was interrupted by the war may, in most cases, obtain high school diplomas by taking tests given at Veterans Testing Service agencies located in all parts of the state.

The Testing Service was established by the Veterans Administration in cooperation with the American Council of Education, the California State Department of Education and local school boards.

Veterans Administration offices will furnish interested veterans with the address of the nearest testing agency as well as information on procedures for applying for credits and diplomas.

The tests measure a veteran's general educational development resulting from his experience and educational opportunities in the armed forces. They also take into account informal or self-educational experiences contributing to his development.

Emphasis is on general information rather than specific facts.

VA estimates that approximately 2,000,000 veterans in the United States had their secondary educations interrupted by the war and are eligible to apply for their high school diplomas.

In addition, more than a half million veterans have already received their diplomas through the testing system.

Question: I would like to study abroad on a student-exchange basis. How can I arrange to do this?

Answer: Arrangements to study abroad on a student-exchange basis must be made through the Division of International Exchange of Persons, Department of State and not through Veterans Administration.

Question: My grades at school have been low and I would like to know if VA will help me find a way to bring my grades up?

Answer: You may receive assistance of VA's educational and guidance service in an endeavor to correct those factors which may be contributing to your low grades. However, you will have to meet the requirements of the school if you wish to continue your course.

Question: May a veteran, receiving disability compensation, receive at the same time subsistence allowance under Public Law 346 (GI Bill)?

Answer: Yes.

Builders of Empire

Mme. MARIE CURIE

★ 1867-1934 ★

Co-discoverer of radium. In 1898, Mme. Curie and her husband Pierre during their research with uranium, noticed that certain samples of pitchblende contained excessive radioactivity. In experiments to determine the cause of this phenomena they succeeded in isolating life-saving radium. Mankind can be forever grateful to these great leaders in the field of chemistry.

Man can also be thankful to the men and their technical skills that have made possible the tremendous advancements in home construction. Many are the innovations they have contributed to your comfort and well being. Come in today and let us supply the answers to the problem of building the perfect, modern home.

Prunedale Cut-off Further Improved

Seven more miles of the Prunedale Cut-off section of U. S. Highway 101, north of Salinas, have been completely reconstructed as a divided four-lane highway, the California State Automobile Association reports.

Traffic is now using this section which, added to a 12-mile portion recently improved, completes modernization of the highway from Salinas north to the Chittenden Pass road. Heavy truck travel over rolling hills on the previous two-lane highway had been impeding traffic.

The Prunedale Cut-off was first opened in 1932 to replace the narrow, dangerous San Juan Grade which had long been a "bottle-

Steelhead Fishing

Steelhead fishing has been fair lately along the Scott river in Siskiyou county, reports the National Automobile Club. Anglers have taken numerous catches of small steelhead from the Klamath river near Hamburg in this same county.

Quail Prospects

Quail hunters should enjoy excellent sport when the season opens in Kern county, predicts the National Automobile Club. The birds are plentiful in this region.

neck" north of Salinas. The cut-off became obsolete in 14 years because of the great increase in traffic over this section of U. S. 101 between San Francisco and Los Angeles.

New Highway Opened

Now open to traffic is the new highway along the east side of Lake Almanor, connecting State Route 89 at Big Meadows Dam with State Route 36 near Westwood, the California State Automobile Association reports. Completion of the new road provides an excellent direct route from Oroville to Susanville.

Also completed and open to traffic is the one-mile stretch on State Route 36, three miles west of Westwood, where the highway has been realigned to eliminate a dangerous curve.
